SOME OF MY NFT PROJECTS:

LAIDBACK LLAMAS

Founder & the Creative Lead

Deep in the digital mountains of the Metaverse lies a herd of 7,100 exceptional Laidback llamas. They represent confidence, tranquility, and different personalities that boast style with every stride.

Launched: 2021-2022 Platform: Opensea Sales: Sold Out Collection in less than 5 minutes.

YUROSAKO

Co-Founder & Animator

In the year 2100, scientists had developed and mastered the craft of time travel. They established different machines for that purpose and were incrementally updated to make them smaller in size and more efficient in function.

Launched: 2023-Current
Platform: Crypto.com
Sales: Sold Out Multiple Collections

QUIZNOS NFT

Creative Artist for Quiznos NFT Collection

Astronauts embark on a brave mission to different planets throughout the crypto galaxy with the purpose of introducing innovative and alternative methods of sustainability. Quiznos in collaboration with well-known 3D NFT artist Sameer Baloch bring you the "Out of This World" NFT collection.

Launched: 2021 Platform: Crypto.com Sales: Sold Out in 24hr
